

ONE SHOULDER

Step into dress so the sashes are facing the front. Cross the sashes in the front (so no visible keyhole shows) and take ends over the shoulders. Then bring the sashes down the back, wrap around waist and tie and/or tuck.

CAPPED SLEEVES

Start with the top of the dress just under your bust and the sashes in front. Take the sashes up and over your shoulders so they lie flat and hang over the side of your shoulders as if to form kimono-style sleeves. Cross the sashes in back, wrap the ends around your waist and tie on the side or at the back. Twist the top of the sleeve inside out to form the cap.

HALTER NECK

Step into dress so the sashes are facing the front. Cross the sashes in the front (so there is no visible keyhole) and take ends over the shoulders. Then bring the sashes down the back, wrap around waist and tie at the side or back.

STRAPLESS

Start with the top of the dress pulled up over your bust and sashes in front. Cross sashes under your bust and take them around to the back. Wrap sashes around your torso and knot on the side or at the back.

V NECK PLUNGE

Start with the top of the dress just under your bust and with the sashes facing the front. Knot the straps behind your neck or cross in the back and tie at the side.

SLEEVED

Start with the top of the dress just under your bust and the sashes in front. Take the sashes up and over your shoulders so they lie flat and hang over the side of your shoulders as if to form kimono-style sleeves. Cross the sashes in back, wrap the ends around your waist and tie on the side or at the back.

TWIST CROSS BACK

Step into dress so the sashes are facing the front. Twist each sash twice at the top of the shoulders and take over your shoulders. Twist the sashes 10 - 14 times at the back and cross them in the middle of your back. Then bring the sashes around to the front and tie at waist.

BACKLESS

Step into dress so the sashes are facing the front. Twist each sash 10 - 14 times from the top of the shoulders and take them over to your back. Then bring the sashes around to the front and back around your waist looping each strap around the bottom of the opposite side strap. Tie at the front or side.

THIN STRAP T BACK

Step into dress so the sashes are facing the front. Twist each sash twice at the top of the shoulders and take over your shoulders. Twist the sashes together 7- 10 times at the center of your back. Then bring the sashes around to the front and tie at waist.

LONG SKIRT

Start with the dress at the waist with the sashes in front. Wrap the sashes around the waist and tie at the side.

KNOTTED THIN STRAPS

Step into dress so the sashes are facing the front. Tie a knot in each sash to sit just below your collarbone. Take the sashes over to your shoulders. Then bring the sashes around to the front and tie at waist.

KNOTTED ONE SHOULDER

Start with dress under bust and sashes in front. Pull sashes up over bust and knot in front, off to one side. The fabric should cover your bust like a strapless dress, with no keyhole. Wrap the sashes over your shoulder. Cross in back, wrap around your waist and knot.

KNOTTED CAPPED SLEEVES

Step into dress so the sashes are facing the front. Tie a knot in each sash to sit just below your collarbone. Take the sashes over to your shoulders and spread the fabric over the top of your shoulders. Cross the sashes in your back and bring around to the front and tie at waist.

SHORT SKIRT

Start with the dress under your bust with the sashes in front. Roll down the top of the dress to the waist. Wrap the sashes around the waist and tie at the side.
